EXPERIENCE

Internship
CodeCraft Technologies Pvt   📅 11/2024 - 12/2024   📍 Location
- Led a project, managing a team of 5 interns.
- Enhanced proficiency in React.js, Tailwind CSS, and framer-motion.
- Implemented efficient code practices, reducing load times by 20%.
- Developed a new feature that improved user engagement by 15%.
- Identified and resolved critical bugs.
- Fostered strong working relationships with team members and
- mentors.
- Analyzed user feedback and implemented changes.
- Documented technical processes and created guides.
- Conducted training sessions on best practices.
- Awarded "Intern of the Month" for outstanding performance.

Graduate
Cognitive Class   📅 06/2024 - 08/2024   📍 Remote-canada
- Mastered data manipulation with Pandas.
- Created visualizations using Matplotlib and Seaborn.
- Performed data cleaning and preprocessing.
- Conducted exploratory data analysis.
- Applied statistical methods to analyze datasets.
- Implemented machine learning algorithms using Scikit-learn.
- Developed and presented data-driven insights.

Internship
Diolichat.rw   📅 04/2024 - 06/2024   📍 Location
- Eager to contribute to Diolichat's innovative projects through a software development internship
- Passionate about coding
- Excited to apply my skills in full-stack and mobile app development to real-world challenges

Software engineer
Acodes Mushishiro   📅 09/2022 - 05/2024   📍 Location
- Excited to join Acodes Mushishiro as a software engineer
- Apply full-stack and mobile development skills to impactful projects
- Eager to collaborate with the team
- Drive technological advancements

EDUCATION

Diploma degree in MEAN stack
Alison online courses   📅 01/2023 - 01/2024   📍 India, Remote
- Diploma in software development
- Acodes mushishiro

SUMMARY

Software engineer Dynamic Software Engineer specializing in full-stack web and mobile app development, with a proven track record in creating scalable, user-centric solutions. Expert in modern programming languages and frameworks, blending innovative design with robust functionality. Passionate about leveraging technology to solve complex problems and drive business success.

TRAINING / COURSES

Certified in Data analysis with python
Cognitive class

KEY ACHIEVEMENTS

Your Achievement

1.Built and deployed a fully functional web application.
2.Implemented user authentication and authorization.
3.Optimized application performance and reduced load times.
4.Developed and integrated RESTful APIs.
5.Ensured cross-browser compatibility for web applications.
6.Automated testing with unit and integration tests.
7.Designed and implemented responsive UI/UX.
8.Collaborated with team members on version control (Git).
9.Integrated third-party services and APIs.
9.Managed database operations and optimizations.
